We are committed to maintaining the relationships created here as we move on to become engaged, successful alumni.

# Advisor Information

## Purpose

The University of North Carolina at Greensboro (hereinafter "University") recognizes and supports the experiences and research showing student participation in registered student groups contributes in significant ways to semester and year-to-year retention, long-term postsecondary education persistence, and satisfaction with the collegiate experience. Registered student groups are most successful when advised professionally by involved faculty and staff employees who can support students, assist in the resolution of challenges, and celebrate the successes of the group and the individual students.

This policy formalizes the support from the University for all employed faculty and staff who act as advisors for registered student groups, including the coverage of advising responsibilities as part of the employee's regular work for the University.

Registered student groups are organizations which have applied for university recognition through Campus Activities and Programs, have met all requirements and conditions, and have completed all mandatory training events or activities.

## Scope

This policy applies to all faculty and staff employed at the University who are asked to advise a registered student group, including EHRA, SHRA, SHRA Exempt, and EHRA Faculty. Any person not employed in a full-time status by the University (including graduate assistants, teaching assistants, undergraduate students, or volunteers) are not covered by this policy. Additionally, on-campus advisors must be employed as a full-time employee of the University.

## Policy

### Support for Advising of Registered Student Groups

The University supports participation of students in registered student groups as a means to enhance the learning experience, develop skills and abilities, and enhance retention and persistence of students. It is in the best interest of the University to have professional advising for registered student groups, conducted by full-time employees who have the appropriate training and support from the University.

## Advisor Requirements

For an employee to be covered by this policy as an advisor for a RSG, each advisor must meet all annual requirements established by the Vice Chancellor for Student Affairs (or designee) for approval and training.

**Approval:** Each covered employee must obtain written support from their supervisor, department head, or immediate manager each academic year. Covered employees should retain documentation, in the form of a letter or e-mail, indicating support from the supervisor.

**Training:** Training will typically include online and in-person activities each year. Training will focus on the legal, ethical, and developmental expectations and requirements for advising a registered student group.

## Compensation

Employees are not eligible for additional compensation or benefits for acting as an advisor for a RSG. Employees may discuss and negotiate individual accommodations with their supervisor. The supervisor has final determination for all accommodations. Employees not fully exempt under FLSA regulations must arrange with their supervisor, in advance, approved work schedule and schedule adjustments based on advising of RSG. Supervisors have final determination in all hours worked. Campus Activities and Programs, the Office of the Vice Chancellor for Student Affairs, and similar offices will not be involved.

## Liability Coverage

All employees who are asked to be an advisor must obtain written support from their supervisor/department head and complete required training. The employee will be considered as having advising of the RSG included as part of their employment at the University. This inclusion will support employees acting professionally in the scope of their job duties.

- a. Including advising as part of employment will enable the employee to be covered by the North Carolina State Tort Claims Act and Defense of State Employees Act. Both Acts may provide coverage for employees who are acting within the scope of their job responsibilities.
- b. Insurance Coverage: Similar to the preceding point, employees who have individual personal liability (umbrella coverage), professional liability (generally through associations or professional organizations), or malpractice insurance (which can, in some cases, cover all parts of employment) may have coverage, enhanced coverage, or full coverage from those insurances if advising becomes part of the employee's employment at UNCG. Individual employees should consult the appropriate vendor or agent for the respective insurance or policies.

The inclusion of advising in the job duties is not a contract or guarantee of coverage. Employees who are intentionally or grossly negligent, act criminally or fraudulently, or fail to meet the requirements of the Defense of State Employees Act may not be covered against personal liability by the University or the State of North Carolina.

## **Enforcement**

This policy is specific to registered student groups. It does not apply to employees who advised un-registered groups.

Any violation of this policy by a University employee may be considered "misconduct" under EHRA policies (faculty and EHRA non-faculty) or "unacceptable personal conduct" under SHRA policies as applicable to the employee, including any appeal rights stated therein. Violations of law may also be referred for criminal or civil prosecution.

Concerns about individual situations, registered student groups, or similar concerns should be directed to the Office of the Vice Chancellor for Student Affairs, 140 Mossman Administration Building, 336.334.5099

## **Review**

This policy shall be reviewed by the Office of the Vice Chancellor for Student Affairs every five years, or more frequently as changes in advising practices, legal coverage, or related issues occur.

## **Contact**

This University policy is administered by the Office of the Vice Chancellor for Student Affairs, with support from The Office of General Counsel.

# Advising Styles

## From Elon University's Chapter and Faculty Advisors Manual

### Choosing an Advising Style

Your advising style will be determined by your responsibility, your knowledge base, and the development of the group you are advising. The groups development is dependent on its members programming expertise, commitment to the organization, ability to take responsibility for its own actions, and interpersonal skills. As the group develops and gains greater maturity, you will have to shift your style to match the needs of the group, thus aiding development. Some common states of group develop and matching advisory styles are described below.

Group Development Styles	Advisory Styles
<p><b>Infancy:</b> Students demonstrate low levels of commitment to the organization, programming skills, and responsibility for their actions.</p>	<p><b>Program Director:</b> High concern for product, low concern for process. The advisor takes the role of group member or programmer - identifying, planning, and implementing programs and activities for the student group.</p>
<p><b>Adolescence:</b> Students demonstrate increasing programming skills, interest, commitment, and responsibility.</p>	<p><b>Teacher/Director:</b> High concern for product, high concern for process. The advisor takes the role of advocate - persuading students on the appropriateness of activities; authority - monitoring students compliance with legal requirements, as well as institutional procedures and regulations; or expert - offering suggestions to students based on experience or specialized knowledge base.</p>
<p><b>Young Adult:</b> Students demonstrate competency in programming skills and an increase in commitment, plus a willingness to take responsibility for their own actions.</p>	<p><b>Advisor/Teacher:</b> Low concern for product because students have taken over this concern, high concern for process. The advisor takes the role of educator - designing and encouraging student participation in developmentally powerful experiences; resource - providing alternatives and suggestions; evaluator - assisting the group in collecting data to be used in decision making and program planning; or process consultant - assisting students with increasing the effectiveness of group functioning.</p>
<p><b>Maturity:</b> Students demonstrate a high degree of competence in programming and group skills. They exhibit a strong commitment to the group and a willingness to take responsibility for their own and the group's actions.</p>	<p><b>Consultant:</b> Low concern for product and process because students assume responsibility for both. The advisor takes the role of reflector - serving as a "sounding board" for students ideas and plans; or fact finder – providing information to students on request.</p>

## Communication Skills

### **Building Relationships that Work**

Advisors are the link between students, faculty, community, and headquarters, as well as between the chapter and the campus leadership. The responsibility for building a positive, rewarding relationship is shared between the advisor and the organization. These strategies will help you maintain a solid foundation for working with a Greek chapter:

- Attend a lunch or dinner at the house, if possible.
- Encourage the chapter to host a scholarship banquet.
- Be available and enthusiastic about helping the chapter educate themselves.
- Present a study skills seminar to the chapter and/or new member class.
- Attend Parent's Day activities. Parents will feel good knowing their child is a member of a chapter with an active, positive role model.
- Get to know all chapter members by name.
- Assist officers in planning events when needed.
- Try to attend and participate in community events with the chapter when appropriate.
- Ask to be on the chapter's E-mail list serve or mailing list.
- Stay informed of what is happening in the organization, both positive and negative.
- Stay connected with the Associate Director and Assistant Director of Fraternity and Sorority life and use them as a resource often.
- Take the chapters or officers schedules into consideration when arranging meetings.
- Agree to support the rules and regulations of the university and the national fraternity.
- Keep honest and open with chapter members and officers.
- Stay informed of problems and issues in the Greek community through the chapter or Office of Fraternity and Sorority Life.
- Attend chapter activities when invited, including social events.
- Stay informed of the chapter's organizational activities, meetings, and social events.
- Meet regularly with the chapter or chapter representatives to discuss organizational challenges.
- Stay informed of any potential problems or concerns with the chapter, especially regarding academic, membership and conduct issues.
- Attend advisor and/or alumni meetings when scheduled by the Office of Fraternity and Sorority Life.

## Seven Difficult Personality Types

### 1. Attackers

- a. Behavior: Attackers assert their viewpoint forcefully. They require people to listen to what they say. They need room and time to blow off steam.
- b. Your Action: Address the attacker by name and quietly, but firmly, ask him or her to sit down. Then listen carefully to what the attacker has to say. Once calmed, the attacker usually becomes reasonable and may suggest valuable solutions. The worst coping behavior on your part would be to return the attack.

### 2. Egoists

- a. Behavior: Egotists also assert themselves, but unlike the attacker, they are often subject experts.
- b. Your Action: Show honest respect for their knowledge, but don't become intimidated by it. Instead, capitalize on what they know by asking questions. Compliment them when they provide helpful information but make sure they know you are the advisor.

### 3. Sneaks

- a. Behavior: Sneaks take potshots and often use sarcasm as a weapon.
- b. Your Action: Confront sneaks with direct questions and let them know you do not appreciate their sarcasm. Use positive reinforcement when possible to steer them toward becoming more of a team player.

### 4. Victims

- a. Behaviors: Victims see everything negatively. They act powerless and defeated, often whining about everyone and everything.
- b. Your Action: Ask them for suggestions to improve the situation. Have them state the negatives and address each one logically and positively.

### 5. Negators

- a. Behavior: Negators are usually suspicious of those in authority and believe that their own way of doing things is the only way.
- b. Your Action: Let negators use their negative ammunition in a group meeting, then let co-workers express their views about positive solutions. Group members will most likely try to enlighten the negator that better solutions do exist.

### 6. Super-Agreeable

- a. Behavior: These people have such a strong need to be liked that they do whatever you request at the expense of their own concerns or needs. They will over-commit and often disappoint and frustrate everyone.
- b. Your Action: Monitor assignments to make sure super-agreeable are not overworked.

### 7. Unresponsive

- a. Behavior: Unresponsive people are the most difficult to manage. They are seemingly impossible to draw out or to get involved.

- b. **Your Action:** Specifically ask them for their opinion when getting group feedback. Try to include them when assigning tasks, so they too can feel a part of the organization.

### **Dealing with Interpersonal Conflict**

- Seek first to understand.
- Separate the person from the behavior. Use I statements.
  - Refrain from saying you are uninvolved, instead try saying, I've noticed you haven't been involved lately.
- When you initiate discussion, acknowledge the conflict.
  - Don't beat around the bush, state how you interpret the situation and let the other person/s do the same.
- Set a time to communicate directly, preferably in person.
  - Choose a place that is neutral.
  - Include the other person in the scheduling; show them you are flexible!
- Ask directly, but sensitively, for the other person's ideas and recognize positive intentions.
  - Don't make all the decisions yourself; conflict resolution should be a compromise and a team effort.
- Reflect back to the other person what you are hearing to make sure you've understood.
  - It is important that what one person is saying is being interpreted correctly by the other person.
- Listen empathetically.
  - Instead of trying to plan what you'll say next, listen to what the other person is saying, then plan your response.

# Relationship Between Collegiate Officers and Advisors

Generally, the advisor's contacts with the organization will take place in two settings: discussions with the officers, and attendance at meetings and other group activities. When working in these two settings, the adviser must constantly be aware of their role in the organization. Although active participation by the advisor is desirable, the advisor is not the leader of the group. The key to advising is developing a good relationship with the officers of the organization.

## **Officer-Advisor Relationship**

1. The officer should meet regularly with the advisor and use them as a sounding board for discussing organizational plans and problems.
2. The officer should keep the advisor informed as to all organizational activities, meeting times, locations, and agendas. The advisor should receive minutes of all meetings.
3. The advisor should assist the officer in formulation long-range goals and in planning and initiation short term projects.
4. The officer should utilize the advisor as a resource person. From their previous experiences the advisor can provide the officer and member with background information and perspective on various campus and Fraternity/Sorority issues and concerns.
5. The officer will find the advisor able to assist in evaluating individual and group projects, performance, and progress.
6. The advisor may assist the office in preparing meeting agendas. This not only provides structure for conducting the organization's meetings, but also serves as a point of departure for the discussion of other areas of mutual concern.
7. The advisor should point out factors bearing on the ideas presented by the officer without imposing their own bias. If an idea is inappropriate, the adviser should try to encourage the officer to consider other alternatives.
8. If the officer asks "what should we do?", or "what do you think?", the question should be rephrased and handed back to the officer. The advisor in there to assist the officer, but not to solve the problem for them.
9. The advisor may suggest ways by which group meetings can be improved.
10. The advisor makes suggestions to help the officer improve other leadership skills. The officer should be encouraged by the advisor to take an occasional chance on some less proven members in delegating authority.

## Danger Signs and Possible Solutions

### **Chapter members not participating in chapter activities:**

- Re-examine activities to be sure they appeal to majority. Ask what members want out of their fraternal experience and what activities will best help them achieve their goals.
- Help each member understand their individual responsibility for participation.
- Divide chapter into committees to plan each major activity so everyone is involved and has responsibility.

### **Imbalance of chapter activities, thus appealing to limited interests:**

- Whole group must face imbalance (or possibility of it) and discuss, with everyone present, allowing for individuals to express their views.
- Perhaps activities are too sophomoric to retain upper class interest or participation.
- List chapter activities under categories (social, philanthropic, community, etc.) and see where imbalance occurs.

### **Conflicts between members; little cooperation; cliques**

- Determine source of conflicts.
- Stimulate programs to emphasize positive aspects of the chapter.
- Involve all members in chapter decision-making and activities.
- In housing situations, change roommates each term.

### **Chapter attracts one type of person and would like to attract a more diverse group of men or women:**

- Group may not feel it can attract any other type.
- Group discusses current image and what types are needed to change that image.

### **Feeling of no responsibility to anyone: leader to member, member to member, member to**

# Students & Administrators Equality Act

(a) Any student enrolled at a constituent institution who is accused of a violation of the disciplinary or conduct rules of the constituent institution shall have the right to be represented, at the student's expense, by a licensed attorney or nonattorney advocate who may fully participate during any disciplinary procedure or other procedure adopted and used by the constituent institution regarding the alleged violation. However, a student organization shall not have the right to be represented by a licensed attorney or nonattorney advocate if the constituent institution has implemented a "Student Honor Court" which is fully staffed by students to address such violations.

(c) Nothing in this section shall be construed to create a right to be represented at a disciplinary proceeding at public expense."

**SECTION 6.(d)** Each constituent institution shall track the number and type of disciplinary proceedings impacted by this section, as well as the number of cases in which a student or student organization is represented by an attorney or nonattorney advocate. The constituent institutions shall report their findings to the Board of Governors of The University of North Carolina, and the Board of Governors shall submit a combined report to the Joint Legislative Education Oversight Committee and the House and Senate Education Appropriations Subcommittees by May 1, 2014.

**SECTION 6.(e)** Subsection (c) of this section is effective when it becomes law and applies to all allegations of violations beginning on or after that date.

## Risk Management

As fraternity and sorority members, you are expected by your chapter, advisory team, and national office to act responsibly and conscientiously. The best way to deal with risk within a group is to be active and informed about the group's activities. Take the responsibility to ask questions and discuss the decisions of the group, as well as expressing disagreement with the group when you see an issue. Your national office will have risk management guidelines and require that each chapter provides a \$1,000,000 liability insurance policy. This insurance policy however does not cover all risk to the organization and may have specific language in it that will not provide coverage in the event of a risk event occurring.

### How to Reduce Risk

- Stay vigilant and aware of the group's actions, even if you're not attending meetings or events.
- Stay aware of university policies and attend related trainings and workshops offered to student groups.
- Speak up if your group or another group is doing something or planning to do something you deem inappropriate, wrong, or illegal.
- Suggest less risky alternative activities.
- Provide proper instruction, preparation and training, in accordance with safety regulations for all activities.
- Act only within your assigned role (don't sign contracts, approve activities or speak on behalf of the university).
- Request clarification and assistance from CAP staff when you have questions or concerns. Communication from advisors with CAP staff is always welcome and consultations are encouraged by appointment.

### Events with Alcohol

Some national organizations are permitted to host event with alcohol. However, these events should be strictly monitored and policies have been created by those national organizations to ensure that risk has been minimized. The Fraternal Information and Programming Group (FIPG) is a division of the Fraternal Executives Association (FEA) that creates best practice information for host-liability. The following information provided can help organizations that are hosting an event with alcohol but it will not limit all risk from the event.

The Risk Management Guidelines of FIPG include the following provisions and recommendations. These are intended to apply to all levels of membership in an organization. These are recommendations only as FIPG does not exist as a stand-alone association with membership and a board of directors.

#### ALCOHOL AND DRUGS

1. The possession, sale, use or consumption of ALCOHOLIC BEVERAGES, while on chapter premises or during a fraternity event, in any situation sponsored or endorsed by the chapter, or at any event an observer would associate with a fraternity, should be in compliance with any and all applicable laws of the state, province, county, city, and institution of higher education, and should comply with either the BYOB or Third Party Vendor Guidelines. BYOB is defined as one (1) six-pack of 12-ounce beers or one (1) four pack of wine coolers brought by a member or guest who is legally able to consume alcohol.
2. No alcoholic beverages should be purchased through or with chapter funds nor should the purchase of same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter. The purchase or use of a bulk quantity or common source(s) of alcoholic beverages, for example, kegs or cases, is discouraged.
3. OPEN PARTIES, meaning those with unrestricted access by non-members of the fraternity, without specific invitation, where alcohol is present, are not recommended. Any event with alcohol present that can or will be associated with an entity of a fraternity should require a guest list prepared 24 (twenty-four) hours in advance of the event. It is recommended that a list of those who attend be maintained for several years.
4. No members, collectively or individually, should purchase for, serve to, or sell alcoholic beverages to any minor (i.e., those under legal drinking age).
5. It is recommended that the possession, sale or use of any ILLEGAL DRUGS OR CONTROLLED SUBSTANCES while on chapter premises or during a fraternity event or at any event that an observer would associate with the fraternity be prohibited.
6. No chapter should co-sponsor an event with a alcohol distributor or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) at which alcohol is given away, sold or otherwise provided to those present. This includes any event held in, at or on the property of a tavern as defined above for purposes of fundraising. However, a chapter may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third party vendor and guest list. An event at which alcohol is present could be conducted or co-sponsored with a charitable organization if the event is held within the provisions of the organization and college or university policy.
7. No chapters hold co-sponsor, co-finance or attend or participate in a function at which alcohol is purchased by any of the host chapters, groups or organizations.
8. All recruitment or rush activities associated with any chapter should be non-alcoholic. No recruitment or rush activities associated with any chapter should be held at or in conjunction with a tavern or alcohol distributor as defined in this policy.
9. No organization or member or pledge, associate/new member or novice should permit, tolerate, encourage or participate in "drinking games." The definition of drinking games includes but is not limited to the consumption of shots of alcohol, liquor or alcoholic beverages, the practice of consuming shots equating to one's age, "beer pong," "century club," "dares" or any other activity involving the consumption of alcohol which involves duress or encouragement related to the consumption of alcohol.

10. No alcohol should be present at any pledge/associate member/new member/novice program, activity or ritual of the chapter. This includes but is not limited to activities associated with “bid night,” “big brother–little brother” events or activities, / “big sister-little sister” events or activities, “family” events or activities and initiation.

# Spartan Connect Best Practices

## How to Create Events Requests in Spartan Connect

1. Visit <http://spartanconnect.uncg.edu>
2. Log in with your iSpartan username and password
3. Find your organization by searching or clicking on the “Organization” tab on the top of the page.
4. Click on your organization’s name and then click on “Manage Organization”.
5. On the top left side of the screen, you will see three small vertical lines. Click on those then the “Events” tab on the left.
6. Click on “Create Event” on the top right.
7. Fill in all required information and include as many details as possible about the event you are creating.
8. Continue through the form until you have the option to submit the request.
9. Event requests must be submitted 30 days prior to the start of your event. The last day for student group events is the last day of classes for the semester.
10. Once the request is submitted, it will be reviewed by the office in which the reservation was made, the CAP event consultant, the UNCG Police Department, and any other entities involved in the event. While the 30 day deadline is a minimum requirement, it is strongly encouraged that you submit events as soon as you have a date and space confirmed.

## Expansion Procedure

At UNC Greensboro, Fraternity & Sorority Life operates as registered student organizations, sponsored by Campus Activities and Programs. UNC Greensboro is responsible for the fraternity and sorority life system, including the use of a managed growth philosophy. Campus Activities and Programs considers the following strategic points as a guide to expansion:

- The fraternal experience must be one which benefits individual students, organizations and groups, and the University community.
- Expansion of the fraternal community should benefit the student population and increase overall numbers of students who benefit from a fraternal experience.
- The University should look to support current organizations and their members before bringing on additional organizations

**College Panhellenic Council:** The National Panhellenic Conference has a set of “Unanimous Agreements” used to invite a new sorority, known as extension. Upon considering extension, the College Panhellenic Council convenes a committee that examines the community, utilizing data from chapters and recent recruitments, to ultimately determine, by chapter vote, if it is appropriate for the community to open for extension. If the decision is made to extend, UNCG will invite the 22 Panhellenic sororities not presently on campus via the National Panhellenic Conference bulletin. Sororities may apply, and the committee will determine which organizations to invite to campus to make a presentation for selection to join the campus community. Decisions regarding the registration and recognition of student organizations remain with the University; the prospective organizations must be approved by Campus Activities and Programs.

**InterFraternity Council:** The Office of Campus Activities & Programs, in conjunction with the IFC Executive Board, determines if conditions are ideal for expanding the IFC fraternity community. Upon deciding such, UNCG will invite North American Interfraternity Council fraternities to apply, and after reviewing applications, a committee will determine which organizations to invite to campus to make a presentation for ultimate selection to join our campus community. Decisions regarding the registration and recognition of student organizations remain with the University; the prospective organizations must be approved by Campus Activities and Programs.

**Multicultural Greek Council:** Because of the culturally-based nature of these groups, the catalyst for examining expansion must come from the student body. Interest may be expressed by a group of students with interest either in a specific fraternity or sorority or a fraternal organization related to their culture. Campus Activities & Programs, in conjunction with MGC’s member organizations, will determine if conditions are ideal for expanding the council. If accepted, a fraternity or sorority may seek recognition as an interest group. Decisions regarding the registration and recognition of student organizations remain with the University; the prospective organizations must be approved by Campus Activities and Programs.

**National Pan-Hellenic Council:** Currently, Iota Phi Theta Fraternity, Inc. is the only one of nine NPHC organizations that does not currently have a relationship with UNCG. Adding them

to campus would need to be the result of a student-driven desire for their presence. Decisions regarding the registration and recognition of student organizations remain with the University; the prospective organizations must be approved by Campus Activities and Programs.

The requirements remain for all councils that member organizations be national organizations affiliated with a national governing council. For CPC, IFC, and NPHC, the pool of potential targets for expansion is coterminous with their respective national councils. Potential MGC candidates are likely to come from the National Association of Latino Fraternal Organizations, National American Greek Council, National APIA Panhellenic Association, National Multicultural Greek Council, and the United Council of Christian Fraternities and Sororities.

## **I. Establishment Phase**

### **A. Requests Generated by Students**

Students that are seeking to form their own fraternity or sorority chapter are encouraged to contact the national office for which they prefer. Students are required to contact either the Associate Director or Assistant Director for Fraternity and Sorority Life during this process. Our staff will support students throughout this process. The initial phase of making contact does not require a specific number of students involved in the process but once the interested group of students begins to petition as a recognized student association, there is a requirement of five enrolled students. The pace of the expansion process is driven by the number of interested students, so it is essential to have as many as possible.

Extension of a National Panhellenic Conference chapter is a different process. This process is initiated by the College Panhellenic Council utilizing a National Panhellenic Conference assessment researching the viability of a new chapter. With guidance from campus professionals, students (not advisors or national organizations) discuss, debate, and ultimately vote.

### **B. Requests Generated by Alumni**

Alumni of either UNCG or another university should reach out to their inter/national office regarding the foundation of a chapter at UNCG. It is essential to have alumni involved with the process of founding and supporting fraternity and sorority chapters so it is encouraged to contact the Office of Campus Activities and Programs. The Office of Campus Activities and Programs will consult with the inter/national office to determine whether it is an optimal time for the national organization to found a new chapter at UNCG.

### **C. Requests Made by Inter/national Offices**

Inter/national organizations seeking expansion at UNCG are encouraged to contact the Associate Director for Fraternity and Sorority Life. This communication can be in the form of a phone call, email, or letter. Once this communication occurs, the Associate Director or their designee will apprise the organization of the status of expansion at that time, and if appropriate, begin the process of making contact with campus stakeholders regarding the interest. The formal request to expand will be conducted with an expansion petition and packet that will be submitted to the Office of Campus Activities and Programs for

review. An informal and exploratory campus visit should occur prior to this submission where the organization's staff can gain a better perspective of the fraternity and sorority life community. The inter/national office should contact the Associate Director for Fraternity and Sorority Life to schedule and coordinate the visit.

## **II. University Expansion Committee**

### **A. Composition of Committee**

The UNCG Fraternity and Sorority Life Expansion Committee will be comprised of the Director of Campus Activities and Programs, Associate Director for CAP/Fraternity and Sorority Life, and the Assistant Director for Fraternity and Sorority Life. Recommended actions may include but are not limited to inviting other campus stakeholders including:

1. Council presidents
2. Chapter presidents
3. Other UNCG staff members
4. Alumni
5. Advisors

The committee will review all materials provided and also attend a presentation made by the interested inter/national organization. This committee will then make final recommendations to determine if a new chapter at UNCG would benefit the community. The final decision rests with Campus Activities and Programs, at the delegation of the Vice Chancellor for Student Affairs.

## **III. Campus Visit**

### **A. Expectations**

The inter/national expansion team will come to campus for a one (1) day visit to meet campus stakeholders, to provide more information regarding the intent to expand to UNCG, and to address the viability of the organization at UNCG. The expansion team will meet with the council with which they affiliate. There will also be an on-campus presentation to chapter presidents, council officers, advisors, and community members. The presentation will be 60 minutes in length, with an additional 30 minutes for questions. The applicant group will make the presentation, and will involve the expansion team, volunteers, and members of the interested group (if available). The presentation should focus on the following areas:

1. Community service/philanthropy
2. Accountability of members
3. New member and membership education
4. National reporting requirements
5. Risk management policies
6. Expectations of colony/associate chapter and then fully recognized chapter
7. National educational/leadership programming
8. National requirements for chartering/colonization
9. Financial support from headquarters

10. National standards of conduct
11. A demonstrated commitment to working with UNCG Division of Student Affairs in the commitment of creating an impactful co-curricular experience.
12. Overall general support from the inter/national organization
13. Overall general support from the local, regional, and national alumni(ae) volunteers.
14. Organizational “brand”, values, vision, mission.
15. Detailed information on current chapter configuration inter/nationally, and specifically in the mid-Atlantic and Southern areas, including:
  - A. Details of all chapters currently expanding, colonizing, or re-colonizing for the past five years: location, size, status, support
  - B. Details of all chapters which have closed in the past five years, including location and detailed reasons for closure.
  - C. Any current legal suits brought against the national organization within the last three (3) years.

The Office of Campus Activities and Programs will provide the following information in advance of the expansion teams visit to campus:

1. University enrollment statistics
2. Fraternity and Sorority life community membership statistics
3. Chapter and council academic rankings
4. Community-wide report card
5. Fraternity and Sorority Life Task Force Recommendations and Progress report
6. Student Code of Conduct
7. Division of Student Affairs Strategic Plan (if available)
8. Governing council constitution/bylaws

#### **IV. Decision Process and Timeline**

Within seven (7) business days of the final expansion team presentation, the Expansion Committee will meet and determine whether the organization is permitted to establish a colony/ associate chapter at UNCG. This information will be communicated in the form of a letter which will be sent to the Executive Director of the inter/national organization.

If the organization is not selected, a follow-up conference call can be scheduled with the Associate Director of CAP/Fraternity and Sorority Life to provide rationale for the decision. The possibility of returning in the future will also be discussed.

If the organization is selected, a meeting must be scheduled with the expansion team, volunteers/alumni (if available), and members of the interest group (if available) to discuss the timeline for becoming a recognized fraternity or sorority at UNCG. At this time, the expansion agreement must be signed by the members of the inter/national organization.

#### **V. Recognition Timeline**

The newly recognized colony/associate chapter will have no more than two (2) years to establish themselves as a fully recognized chapter of the inter/national organization. If

the group is unable to reach the requirements set forth by the inter/national organization within that time, the colony/associate chapter will lose its recognition as a registered student organization. An exemption to this process can occur only on a case-by-case basis where the inter/national organization and volunteers submit a formal letter requesting an extension and ways the group will reach its stated goal.

**NOTE:** Social-Greek Letter Organizations or those who serve as fraternal organizations are not permitted to exist at UNCG unless they are a registered student organization and within a governing council.

### **Fraternity And Sorority Required Documentation**

All groups seeking recognition as a social fraternity or sorority at UNCG are required to provide the following materials:

1. Documentation of a 501(c)(7) tax status by the internal revenue service. This is commonly known as your “tax exempt form”. The letter providing your national organization with exempt status is sufficient.
2. Contact information for any alumni residing in the immediate area. This should include: full name, email address, year and school of graduation, and telephone number.
3. At least one (1) alumni/volunteer advisor must reside or work within 35 miles of campus. The local advisor must serve as a primary contact and have all contact information provided by the chapter to the University.
4. Letter of commitment from a person or group of individuals willing to serve as chapter advisor (s). One letter from a full time faculty or staff member at UNCG and one letter from an off campus individual who will serve as your chapter advisor.
5. Documentation of support from (inter) national office for the person(s) serving as chapter advisor(s).
6. List of undergraduate collegiate chapters nationwide including total membership size for each chapter. This can be printed from your (inter) national web site, or part of promotional materials from the headquarters.

8. Copy of the new member education/intake curriculum including the length of time the new member education/intake program spans before initiation. This must be a full syllabus of curriculum, goals, activities, duration, and details. A one-page outline will not suffice.
9. Information about leadership development programs provided at the local, state, regional, and/or national level(s), including the commitment of which events the local group will attend.
10. List of other institutions where the organization expanded within the past 3 years and permission to contact those campus to inquire about the experience. Office

of Fraternity and Sorority Life will contact advisors and campus staff at the institutions.

11. Plan of action and timeline for the expansion. Include: support for the organization by the headquarters and alumni; identification of length of time headquarters staff and alumni will be present; functions to be performed by national, regional, and/or state staff in support of the process; and the level of support and planned for ongoing consultation and supervision for the colony/chapter. This plan of action should include a detailed five year plan that includes chartering and the timeline for continued support with recruitment and retention.
12. Financial support available to the chapter from the headquarters and alumni, to include a statement concerning how the headquarters will address any outstanding liabilities or any other responsibilities incurred by the organization in the event that the expansion is not successful
13. A copy of the (inter) national constitution and by-laws containing language that demonstrates compliance with the University and US Department of Education's definition of and criteria for a social fraternity or sorority.

2. FSL New Member Academic Waivers completed and meeting the UNCG requirements for the membership.
3. Alumni Involvement
4. Projected financial responsibility
5. Letter of intent outlining the aims/goals of the interested group

# Fraternity and Sorority Life Academic Success Requirements

(Revised: Spring 2018; effective Fall 2018)

In accordance with the primary pillar of Scholarship and the academic expectations of the university and the fraternity/sorority community, this plan outlines standards for organizations and individual members within Fraternity & Sorority Life at UNC Greensboro.

## **Individual Membership Requirement**

Individual members of the Fraternity and Sorority Life (FSL) community will be required to maintain at least a 2.500 minimum grade point average for both cumulative and semester grades. Any member who falling below 2.500 must have an individualized scholarship plan filed with Campus Activities and Programs. The plan should be developed by the chapter officers responsible for scholarship for each individual FSL chapter, in consultation with the individual member. A second consecutive semester below the 2.500 standard is grounds for dismissal from the fraternity/sorority community.

## **New Member Requirement**

To be eligible to participate in recruitment activities, prospective new members must have at least one full semester of collegiate work (twelve or more hours of enrolled and completed courses) from a regionally accredited institution of higher education. Prior to bids or invitations being extended, every potential new member must have their academic record reviewed by the Office of Campus Activities and Programs to ensure they are eligible for recruitment. Grades will be shared with Presidents and Recruitment Directors. Alternately, organizations may require potential new members to submit an official transcript.

In addition to the overall chapter academic standing, special attention will be given to new member grade point averages each semester. The goal for new members is twofold: First, recruitment efforts should focus on bringing in quality new members whose scholarship profiles will help improve the academic success of the chapter; secondly, the process of new member education and participation in the new member process should not have a detrimental effect on a new member's grade point average. To the degree either of these goals are not met, an organization can be placed on Academic Warning with the specific directive of creating an Academic Improvement Plan for new members. This plan may include restrictions on recruitment or revision to the new member education process if deemed necessary.

## **Chapter / Organizational Requirement**

All fraternities and sororities will be required to maintain a minimum collective grade point average for semester and cumulative chapter grades which will increase from the baseline 2.500 by 0.05 each fall and spring semester to achieve a 2.700 by Fall, 2020.

Fall, 2018: 2.500

Spring, 2019: 2.550

Fall, 2019: 2.600

Spring, 2020: 2.650

Fall, 2020: 2.700

If an organization fails to meet the minimum semester and cumulative grade point average, the group will be placed on Academic Warning for the next semester. During this semester, the organization must meet with the Associate Director for Fraternity & Sorority Life no later than three weeks after the first day of classes to create an Academic Improvement Plan that details their internal efforts to improve their organizational grade point average. As chapters craft their Academic Improvement plans, they are encouraged to use, as a template, the SAS Success Plan for Financial Aid, which can be found here:

[http://fia.uncg.edu/plan/downloads/ssc/SAP\\_Success\\_Plan\\_for\\_Financial\\_Aid\\_template.pdf](http://fia.uncg.edu/plan/downloads/ssc/SAP_Success_Plan_for_Financial_Aid_template.pdf)

This model can serve both as a blueprint for chapters and a resource as scholarship chairs work with individual chapter members.

If the organization achieves the minimum grade point average at the completion of their Academic Warning semester, they will maintain full recognition and be encouraged to continue their Academic Improvement Plan to ensure their continued success.

If the organization fails to achieve the minimum grade point average at the completion of their Academic Warning semester, they will be moved to an Academic Probation status. An organization placed on Academic Warning status three times in six or fewer semesters will likewise be placed on Academic Probation. During this Academic Probation semester, the organization will need to meet with the Associate Director for Programs to discuss and make changes to their Academic Improvement Plan. In addition, the organization will be limited in their programming in order to focus on scholarship. The following types of programs will be allowed at the discretion of the Associate Director, in cooperation with the inter/national organization: Sisterhood/brotherhood activities, academic improvement programs, hands-on community service efforts, and tabling to raise money for philanthropic causes. A group on Academic Probation may not participate in Greek Week, step shows/stroll offs, intra-/inter-murals, athletic competitions, social programs, formal recruitment, Homecoming, or other community-wide activities. The organization will not be in “good standing” with the University, and individual members will be ineligible to represent the University, FSL system, or chapter in governance, leadership, or committee opportunities.

At the completion of their Academic Probation status, if an organization achieves the minimum grade point average, they will have their programming privileges restored, but will remain on Academic Warning for the following semester. If an organization fails to achieve the minimum grade point average at the completion of their Academic Probation semester, the University reserves the right to remove campus recognition in partnership with the inter/national organization.

These scheduled submissions are to ensure that college administrators are aware of new members, removed members, and any officer changes that have occurred.

# Fraternity and Sorority Life Chapter Scorecard Policy

## I. Purpose

The purpose of the fraternity and sorority life scorecard is to provide immediate insight into the operations and overall health of all recognized and active social fraternal organizations supported by The Office of Campus Activities and Programs. The information provided in the scorecard is data collected by our office with additional information provided by chapters.

## II. Data Collection

Data is collected through a form is emailed to all chapter presidents. This form asks chapter presidents to provide the following information:

- a. *Name(s) and contact information of off-campus chapter advisor(s)*
  - i. In order to best serve our fraternity and sorority population, we must ensure that chapter advisors are provided with continuous contact with our office and the latest news and training possible. Our office currently does not have information on hand. Collecting this each semester will also notify our office of any changes in the chapters advising structure.
- b. *Total Membership for the Semester*
  - i. Knowing how many members are in the chapter will ensure that our information is accurate. This information will allow our office to accurately calculate the number of community service hours per members and philanthropic dollars raised per member.
- c. *Number of New Members Joining During the Semester*
  - i. Understanding how many new members chose to join the chapter can show trend information about recruitment strength or if recruitment is an area of concern for the chapter.
- d. *Retention of Members*
  - i. Tracking retention numbers will help chapters and our office see in real time the overall health of the organization. Coupled with the Fraternity and Sorority Life Retention Tracker, our office will be able to address these areas quicker than in the past.
- e. *Community Service Hours*
  - i. The current model of collecting information does not collect information during the semester. Requesting this information now limits the possibility of this information being lost during an officer transition or poor tracking and logging of this information.
- f. *Philanthropic Dollars Raised*
  - i. Similar to community service hours being tracked, knowing how many philanthropic dollars were raised during the semester will help our office and division support organization through advocacy.

## III. Scorecard Information

The information that will be shared on the scorecard will reflect the information that is submitted by chapter officers to The Office of Campus Activities and Programs. With specific

coding with organization rosters, new data can be pulled from grade reports to provide more context.

- a. *Academic Success*
  - i. The information provided by chapters through rosters will allow our office to see specifically new members within the organization and those are who are fully initiated members. This information can then be separated, showing which organization has performed the best in the area of academic success.
- b. *Service and Philanthropy*
  - i. Although service and philanthropy are believed to be virtues of fraternity and sorority life, some organizations are now living that virtue. Providing service and philanthropy data in reference with other organization is a powerful tool when this information is shared with chapter members, headquarters staff, advisors, parents, and potential new members.
- c. *Conduct Concerns*
  - i. The sharing of conduct-related information about fraternity and sorority chapters will ensure key stakeholders that chapters have held accountable for their actions. The total number of incidents in a particular category will be identified in parenthesis. NOTE: Specific information regarding individual students will not be shared.

#### **IV. Sharing of Information**

The scorecard should be shared with all possible stakeholder at the institution and community. The Office of Campus Activities and Programs should work closely with the Office of Students Rights and Responsibilities, The Dean of Students Office, Greensboro Police Department, and UNCG Police to ensure accurate tracking of conduct related incidents.

Additional information that will be shared is as follows:

- a. All men's average for the semester.
- b. All women's average for the semester
- c. All undergraduate average for the semester

In order to maintain FERPA compliance. Any chapter that is below two members or new member group under two members, their academic information will not be shared.
